SUNRISE, SUNSET

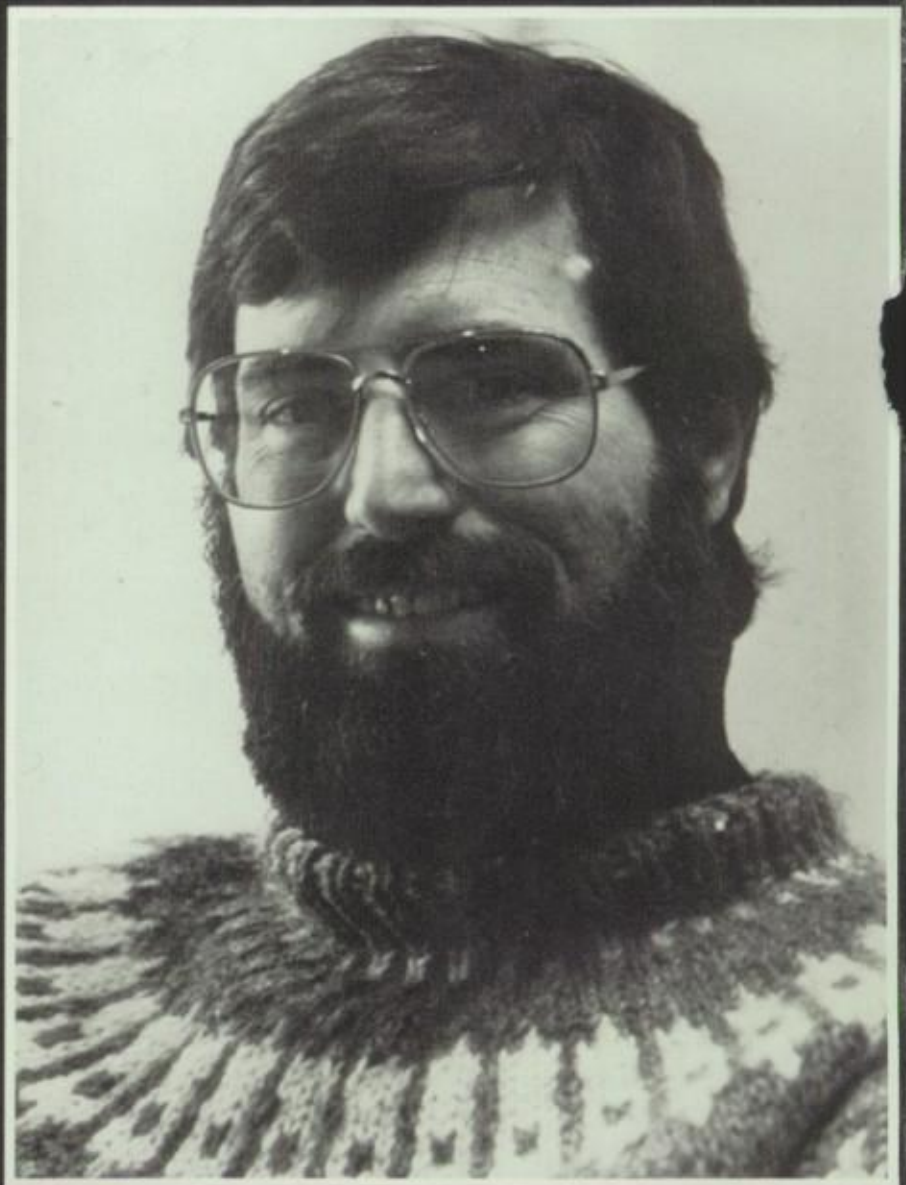

Sunrise, sunset,
Sunrise, sunset,
Swiftly flow the days.
Seedlings turn overnight to sunflowers,
Blossoming even as we gaze.

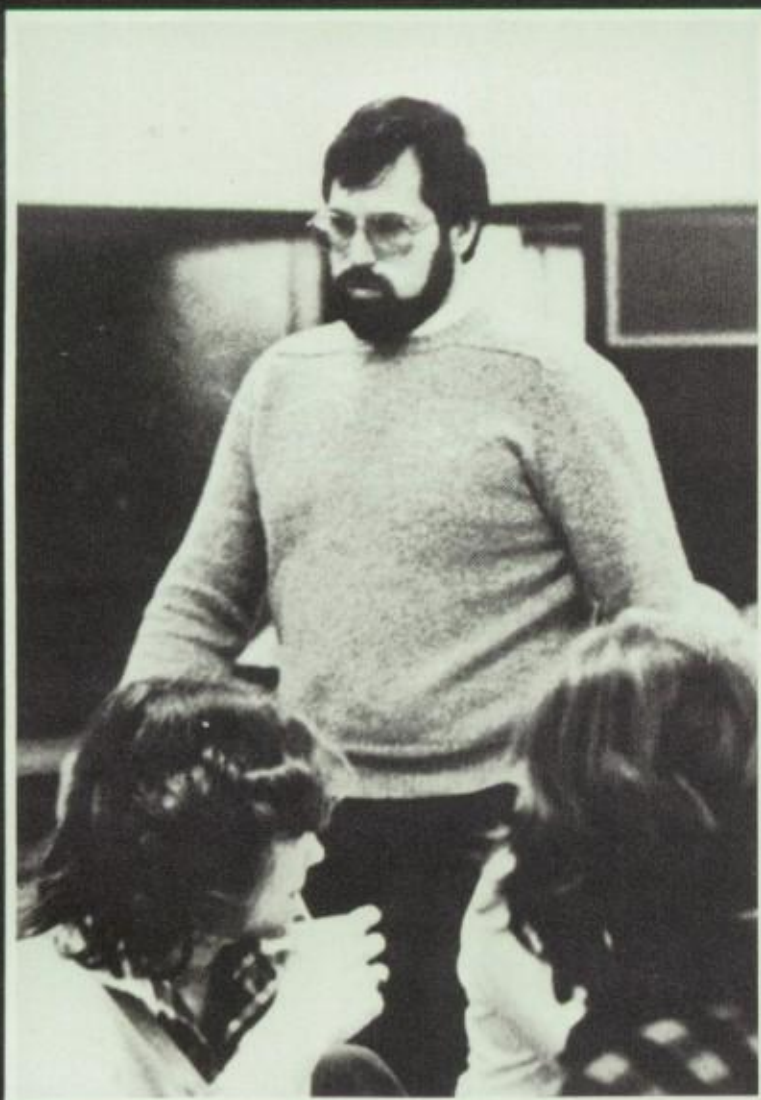

Sunrise, sunset,
Sunrise, sunset,
Swiftly fly the years.
One season following another,
Laden with happiness and tears.*

DEDICATION: BRUCE CHATTMAN

He is proclaimed by the students for his sense of justice and his willingness to listen to problems. Although assigned to the unpopular task of disciplining students, he has made himself respected, admired, and well-liked. He has overcome the stereotyped image of the administrator and made it alive and responsive. Students praise him for his awareness of the balance between discipline and freedom and his recognition of the individual personality of each student. The wrestling team is indebted to him for adding to his duties that of a coach and friend.

The class of 1981 would like to thank this man for his support and hard work during our years at Burlington High School. As a token of our gratitude we would like to dedicate this yearbook to him. He is worthy of our thanks.

He is Mr. Bruce Chattman.

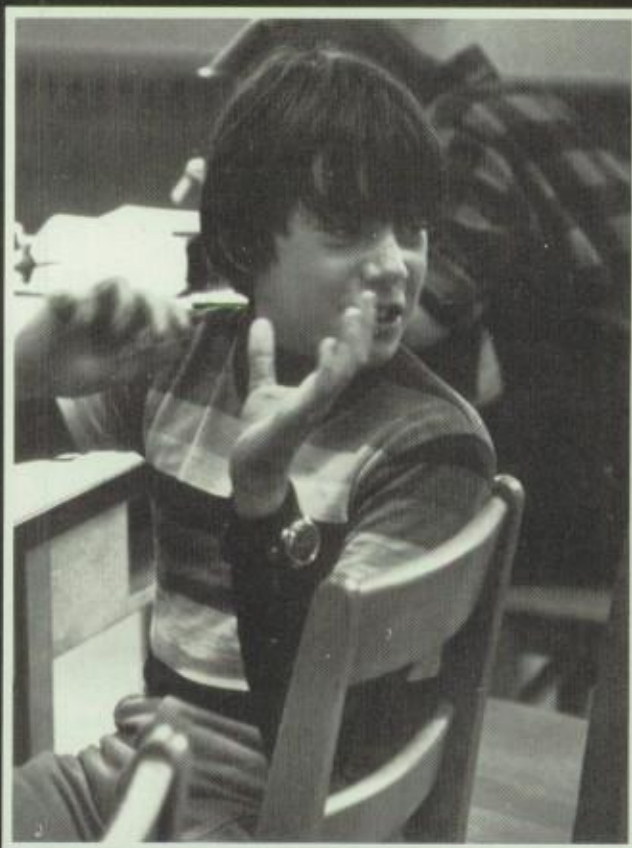

Sunrise, sunset, sunrise, sunset, swiftly flow the days.

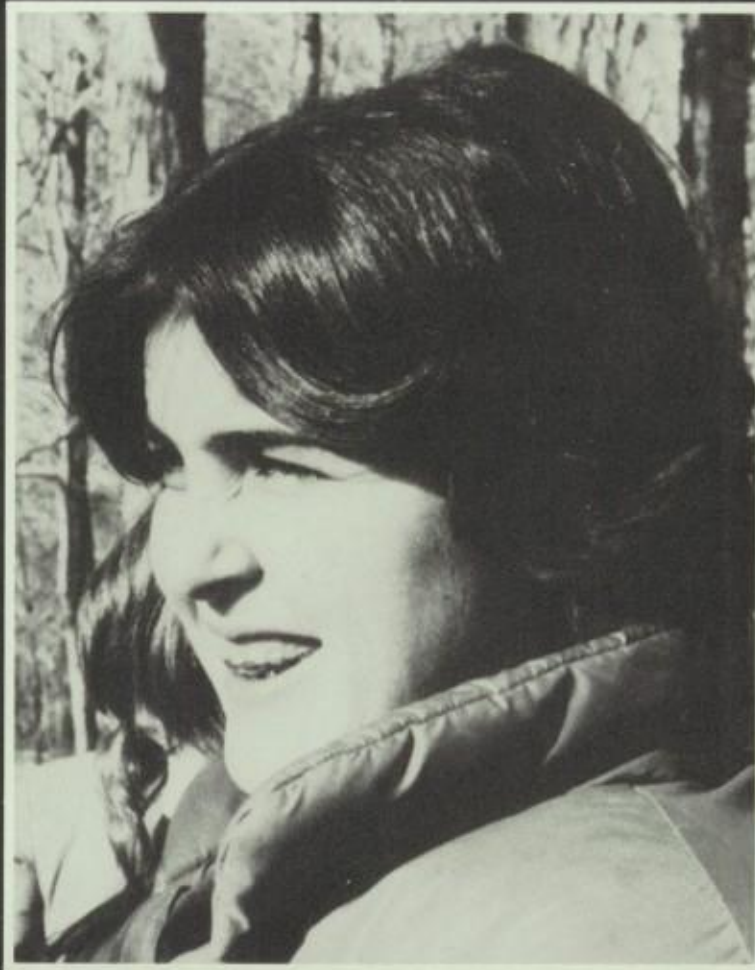

Seedlings turn over night to sunflowers, blossoming even as we gaze.

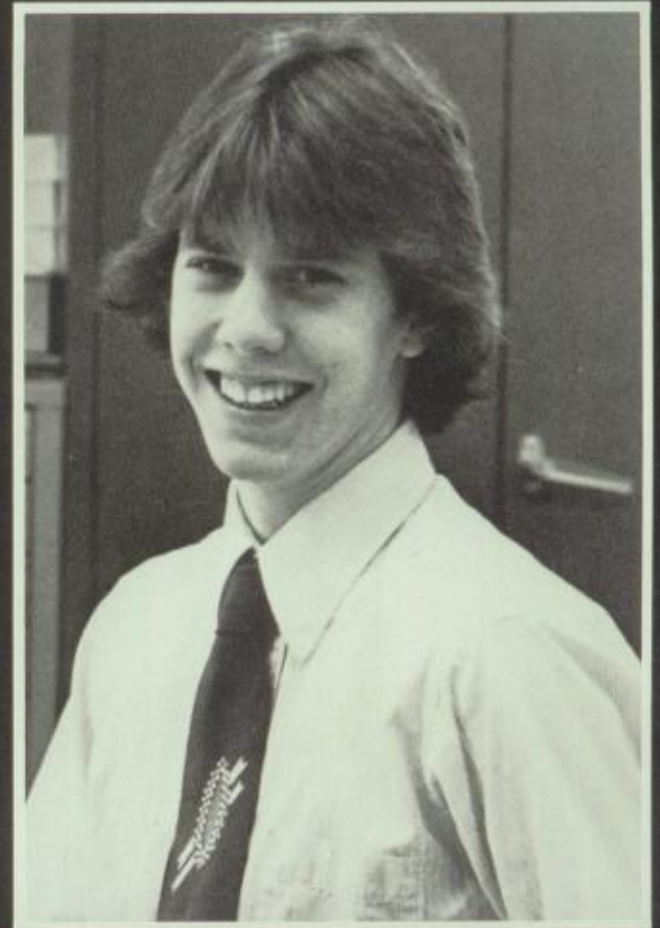

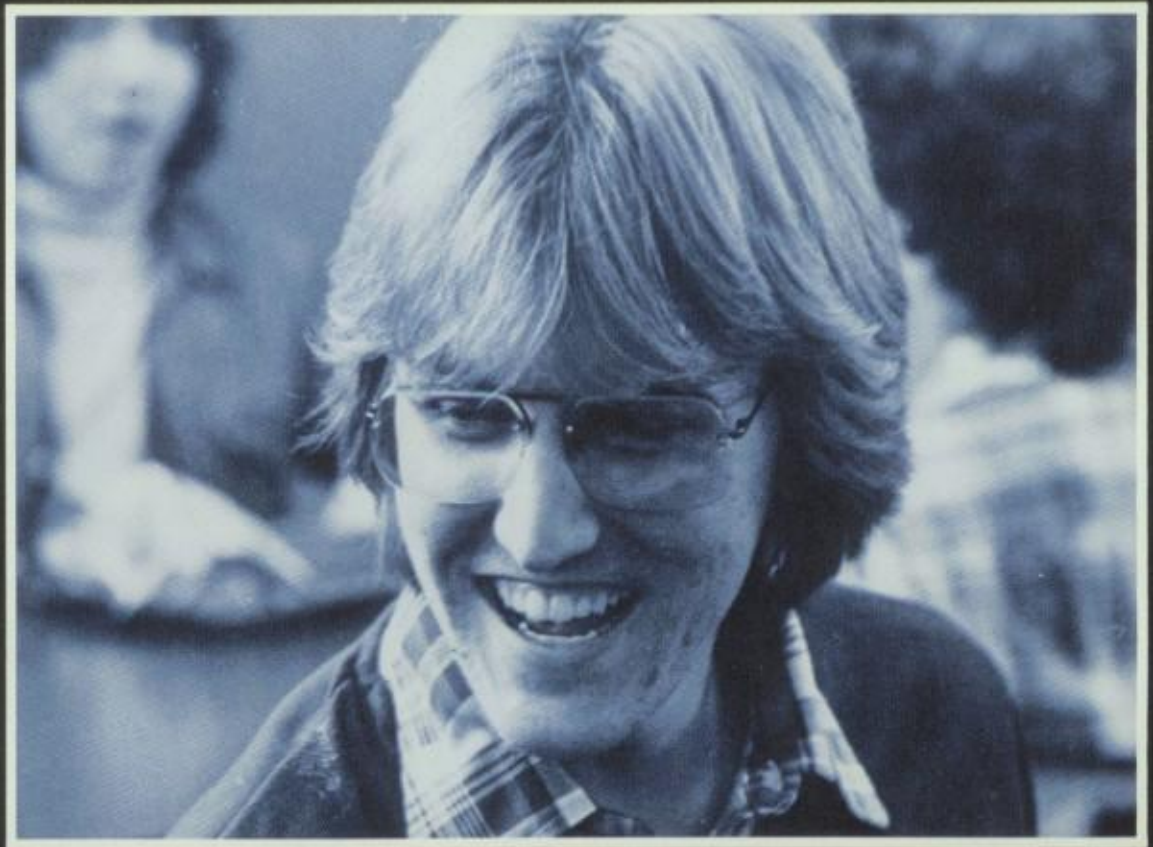

Sunrise, sunset, sunrise, sunset, swiftly flow the years.

One season following another, laden with happiness and tears.*

SUNRISE

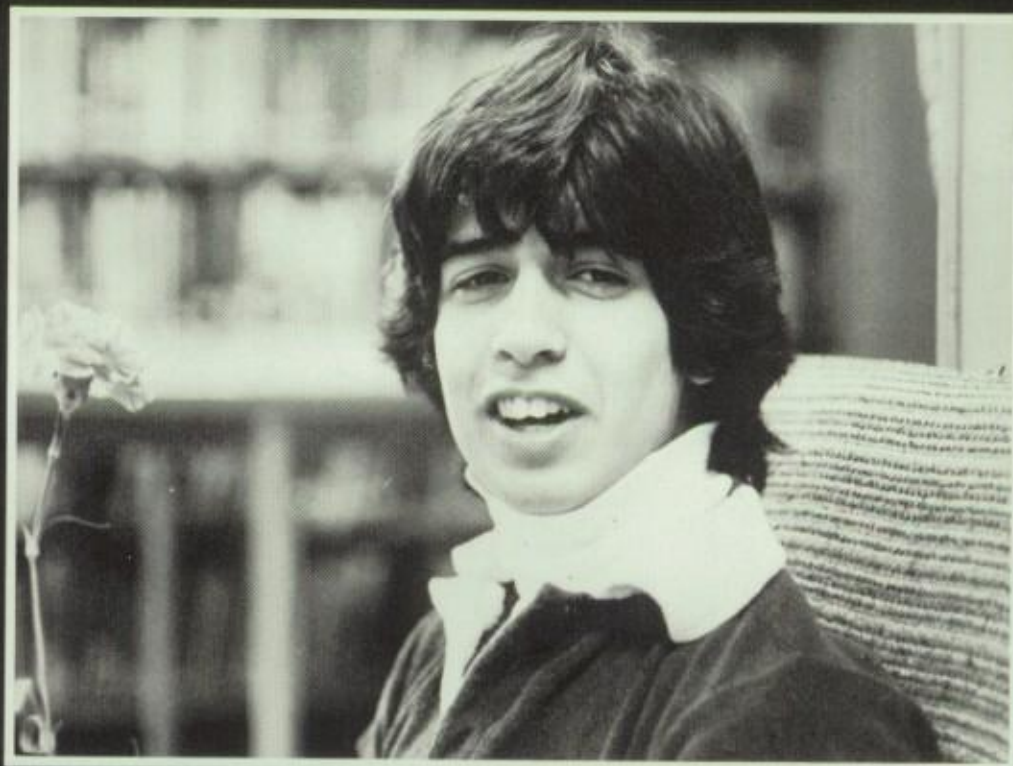

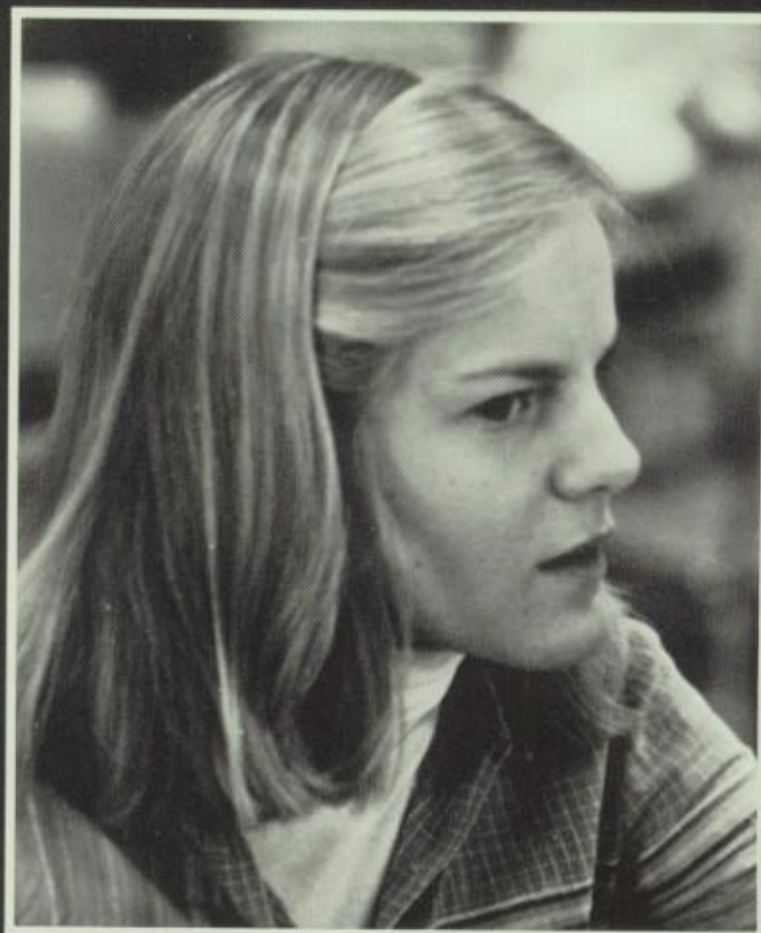

Sunrise . . . a ray beginning to shine here or there, manifesting itself through a quick pass in hockey, an idea suggested in Student Council, a well-written paper; a flash of light from our young reminding us of the days of sunshine to come even after today's sun has set.

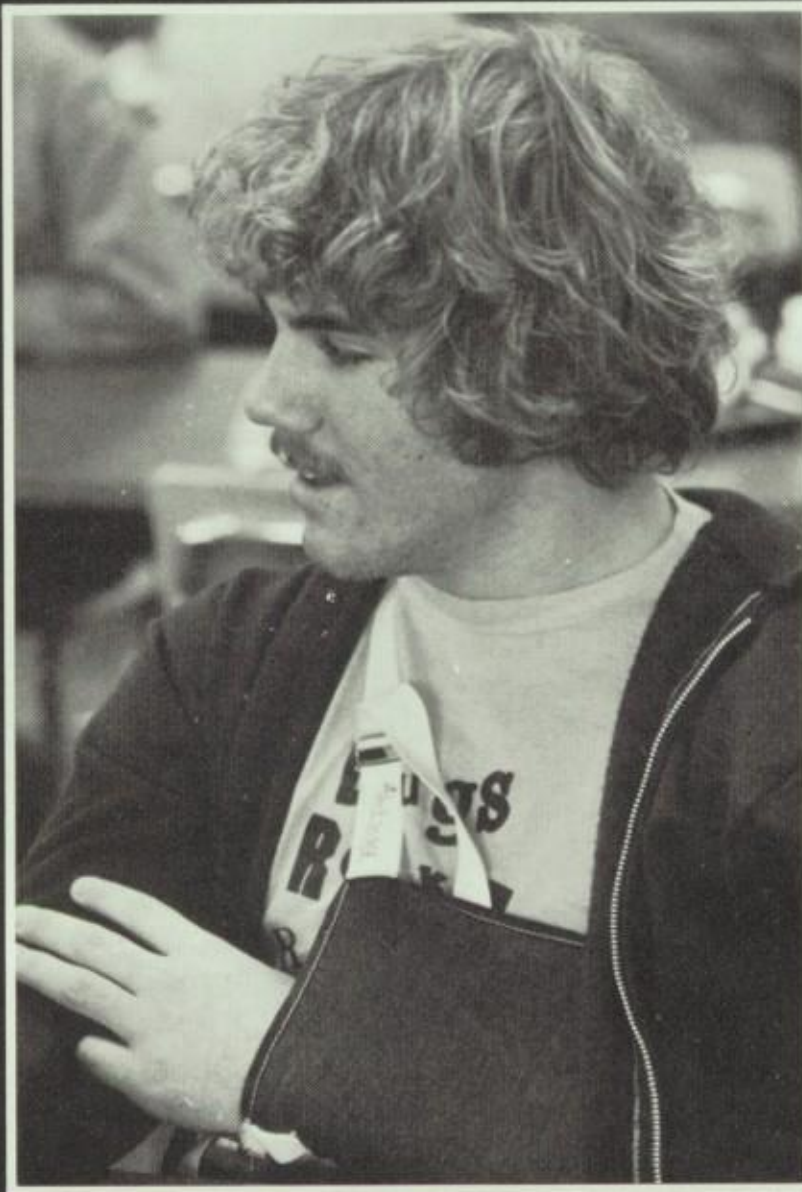

Little darling, the smiles returning to their faces. Little darling, it seems like years since it's been here.
Here comes the sun. Here comes the sun, and I say
It's all right . . .

The Beatles, 1969

JUNIOR VARSITY SPORTS

Some of the best action on the courts and fields of B.H.S. comes from our ninth, tenth, and occasionally eleventh grade athletes. These hard-working students run, hit, jump, and score with little of the glory that characterizes the varsity sports. After a year or two of skill sharpening and increased experience, these young athletes will shine as members of future Seahorse varsity squads.

SUNSHINE

Sunshine . . . the bursting of the sun into full display crowning the hours with energy and motion; the activities of life; the classes, the sports, and the organizations following each other, the teachers who have led us through each hour directing us higher into the realms of thought and experience. The sun becomes larger and fuller as it approaches mid-sky and finally we reach a culmination.

SUNSHINE:

SUPERINTENDENT'S MESSAGE

"Sunrise, sunset, sunrise, sunset, swiftly flow the years . . ." Reflecting on your elementary and secondary school career and the rapid approach of your Graduation Day, I feel certain that each of you personally senses the rapid flight of time so poignantly portrayed in this well-known song. By choosing this song as the theme for your yearbook, you have pinpointed one of the reasons for pictorially chronicling the events of the school year — so that the activities and achievements of a school year might be recreated in your mind long after the sun has set on that year.

As these pages evoke memories in your mind in future years, I hope you will see in them not only a record of what you have done, but also ample reminder of what others have done for you. Such remembering can also build wisdom, for it leads to the conclusion that those who taught, and those who led, and those who tried to shape and mold genuinely cared — a lesson which may not have been evident at the time.

Such remembering can also serve as a catalyst for action by motivating you in turn to live and do and care for others. When such concerned, selfless living characterizes your life, your education will have indeed been successful — regardless of your rank or calling in life. As the sun sets on your high school years and then brightly rises on your future, this is my personal wish for each of you.

Dr. Luther H. Gutknecht
Superintendent of Schools

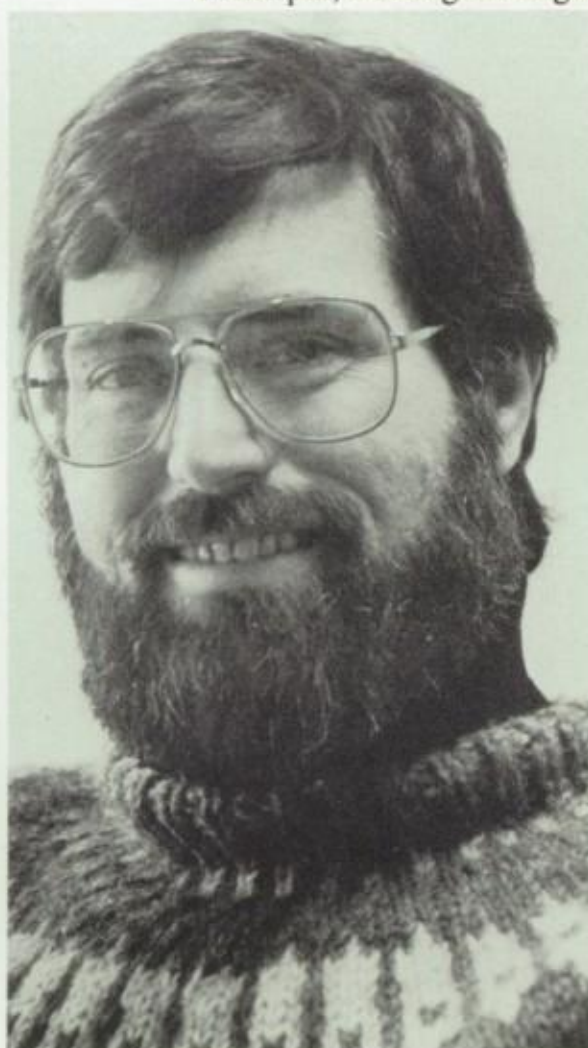

Richard W. Park
Assistant Superintendent of Schools

PRINCIPAL'S MESSAGE

It is a pleasure to extend the sincere best wishes of the staff to the graduating class of 1981. The enthusiasm for living and learning that you have displayed during the past four years at BHS will serve you as you leave to accept the new challenges of your future. Above all else, we hope that the BHS experience has instilled a love of learning so that each of you will continue to grow throughout the remainder of your lives — for attaining one's personal potential is the ultimate measure of success.

ART

By manipulating a lump of clay, bending silver, and shading paper with pastels, the teachers of the Art Department help their students to express their creativity through artistic efforts. The same lump of clay, after hours of molding, can miraculously change into either an ash tray or a work of art depending upon the inspiration of the student. But, through these teachers, the student's creativity and imagination is also molded and shaped, providing a future focus for the student's personal experience.

BUSINESS

Who are the people that prepare our young students for careers in offices, agencies, stores, and corporations? It is the Business Department. Headed by Marilyn Dawson, these dedicated teachers take the time to prepare and place talented students who are eager to pursue careers in the business world. Working hand in hand with the Co-op Program, these teachers enable students to gain experience in Chittenden County companies and businesses by using skills gained in their classes.

ENGLISH

From Shakespeare to *Shane*, from competencies to Conrad, the diverse activities of the English Department are encouraged by the eighteen busy teachers in the north end of C Building. Led by Miss Lucille White, this is the largest department in the school since every student takes an English course. Here compositions are written, speeches are spoken, novels are digested, and students' reading/writing/speaking/listening skills are mastered. Where else at B.H.S. does so much go on in each school day?

INDUSTRIAL ARTS

Every day students at B.H.S. are learning important technical skills that are preparing them for future employment and further education. The Industrial Arts Department is a varied group of teachers who are scattered in various parts of A and F Buildings. Here a student can learn how to build a house, replace a clutch, tune an outboard engine, print a brochure, weld two metals, remove a propeller, draw a gear shaft, replace a fender, make a cabinet, wire a three-way switch, grind a bolt, or design an ad. And, this is only the beginning . . .

LIBRARY

Where is the place at B.H.S. which is filled with volumes of the world's best writing, which displays learned periodicals and scholarly references? Where is the place where helpful experts aid students in tracking down obscure facts or wayward articles? Where, most importantly, is the *best* place at B.H.S. to meet your friend for a casual free period, a whispered chat, or a few quiet, surreptitious laughs? Where else — the library, of course.

LANGUAGE

The language teachers of Burlington High School, under the direction of Mrs. Fontaine, have continued this year in their task of clarifying the tongues that seem always to be so confounded. Making sure that there is still life in the nouns and verbs of Latin was taken up by Mr. Chiacchieri. The babble of French continued both within the classrooms of B Building and abroad through T.I. XIV. The guttural sounds of German did not cease to echo and contrast with the lilting accent of Spanish.

LIVING ARTS

The diverse offerings that fall within the scope of the Living Arts Department are indeed broad. Daily the Seahorse Cafe serves luncheon while the Culinary Arts class manages the teachers' cafeteria. A pre-school nursery operates three times a week. Though the basic cooking and sewing classes are still a staple here, the other offerings add much flavor.

MUSIC

Though made up of only two members, the Music Department has a large effect of the 180 students they see each day. Between the two is directed the chorus, the band, the Madrigal Singers, the Stage Band, the Wind Ensemble, the orchestra and the Pep Band. That's a lot of B.H.S. music.

MATH

The Math Department, being one of the larger departments at our school, supplies B.H.S. students with a great variety of mathematically based subjects, including Computer Math, Calculus, and two years of algebra. PHYSICAL EDUCATION

The B.H.S. Phys Ed Department has undergone a few changes in recent years. It is now co-educational, and it is a required course for all freshmen. Activities range from volleyball to slimnastics, from changing clothes in two minutes flat to walking off leg cramps.

SCIENCE

Unwary freshmen start with Bio I. As sophomores they brave Dean Kent's Chemistry. Juniors dissect their way through Judy Allard's Bio II. Finally, seniors are allowed to attempt Joe Barry's Fun House Physics.

The average B.H.S.er has at least two science credits upon graduation, and usually one of those is a lab experience. The level of difficulty ranges from Introductory Science to Physics (for seniors only). Most classes are offered on a teacher recommendation basis, so keep on your toes, kids. Headed by Joe Barry, the Science Department has a reputation for some darn good teachers, and, no matter what anyone says, Mr. Kent is still worth the experience.

The school year of 1980-81 brought an important addition to Burlington High School's student body: the T.M.R. class. These Trainable Mentally Retarded students, along with the Diversified Occupations class, make up the Special Education program at B.H.S. Finally Burlington High School is educating "everyone".

The program's goal is to enable each student to become as independent as possible. By teaching the students to cook, to use a telephone, or even to deliver newspapers, the teachers hope that each graduate of the program will lead a happy and meaningful life.

Undoubtedly, the year's Drama Department, led by Margaret O'Brien, was the most successful that Burlington has seen in a few years. Though past productions may have suffered from lack of support, this year the Drama Department shined. After more than two months of rehearsal and hours of set designing and costume making, the Drama group announced the dates for its musical production, "Oliver!" Posters, announcements, and early ticket sales encouraged people to think about "Oliver!". It had a cast of over 70 students, not to mention the student orchestra and the stage crew. Miss O'Brien directed and Mr. Patrick conducted; Mr. Bradish designed the sets and Mrs. Kalinoski choreographed. "Oliver!" played for two nights and it was a smash.

The attendance at the Drama Club's One Act Play Night in the late spring was equally gratifying. Here three student directed productions and faculty members starring in "Spoon River Anthology" wowed the audience.

"I can't take this anymore!"

Silence

Wounded masses lie, breathe
Gasp last breaths
The thunder of tanks rolls on

Mud crawls, lives, it covers the world
Blood thickens, slows, it dies

Silence comes, for days, for weeks
Ugly silence, ugly to the beholder, still painless

Silence piled four deep, khaki red and brown
Ugly silence, ugly always; painless

The Pond

The Pond just lies there,
eerie and quiet.
One piercing frog call
breaks the damp silence.
Sunlight finds the green
shores pleasing;
mystery surrounds the
deep, lifeless murk.

Silence is unbearable;
perfection is a torture.
I throw a rock
to break the water plane.
Ripples show short-lived success;
the smooth surface
regains its glass image.
I try again, a bigger rock.
Yes!
Joy, for a little while--

Perfection is impossible to ruin.
Whipped, I turn and leave.

DETOUR

Detour, Burlington High School's literary magazine became *Detour Under Construction* and was published weekly in a two to four page format this spring semester.

It featured poetry, prose, and art by students of all grades. The *Detour Under Construction* was advised by Miss Elmer.

The BHS REGISTER

The *Register* staff.

Mrs. Schermer, the *Register* advisor, and the staff plan another issue.

SENIOR ATTENDANCE POLICY

As of the second semester, the seniors will be under a new policy concerning their attendance. This policy was introduced in an assembly by Assistant Principal Bruce Chattman to the seniors on January 26.

The policy will be on a trial basis for only the seniors, and the administration hopes that the new policy will be more effective in improving senior attendance.

The main changes from the present policy that the new one brings is that all absences, tardies, and early dismissals must be phoned in during the morning to be excused. Any of these absences not called in will be considered unexcused, no matter what the excuse. In addition, any student who is

absent more than ten days during a semester shall lose credit in the course or courses.

After presenting the new policy Mr. Chattman opened the floor to questions, and was immediately attacked from all sides. Up front he was charged with the fact that he had taken away a senior privilege, to which Chattman replied, "What have I taken away as a privilege? Writing phony notes?" Later Chattman said, "Your parents should know if you're not in school and it's not our job to tell them. The way it is now it's my responsibility if you're not in school. I'm trying to put the responsibility on your parents." When asked why the new policy was being instituted, Chattman replied, "Abuse. Phony notes."

SENIOR DAZE

What do those seniors spend their money on? Dreams of your senior year being a piece of cake are soon demolished into cookie crumbs. The average senior spends his money on such things as a yearbook, class ring, announcements, cap and gown, and senior pictures. Activities such as the Prom and the Banquet are also very expensive. If you're going to college your expenses are increased still further. If you have a large social life, your bankbook decreases still further.

Expenses:	
Yearbook	10.00
Announcements	20.00-30.00
Cap and Gown	10.00
Prom	75.00-100.00
Senior Banquet	50.00-75.00
Senior Pictures	50.00-75.00
College Boards	10.00
Applications	20.00-50.00
Class Ring	50.00-150.00
Totals	\$295.00-480.00

As you can plainly see your senior year could put you in a rut. It is not necessary to spend all the money mentioned above. You can spend a larger amount too. This doesn't include parties, car expenses, clothes and normal day to day expenses.

CONGRATULATIONS OREAD!

Did you know that your B.H.S. *Oread* staff put out an award winning edition last year? The '80 *Oread* won third place in New England for Class I schools (over 1000 students). This award was given by the New England Scholastic Press Association for excellence in scholastic editing and publishing.

EDITORIAL

In recent past issues this editorial page has been one of a somewhat negative nature, choosing to highlight those things which have drawn the ire and wrath of the majority of the student body.

However, with the blooming of spring and the end of the year comes the time when we should look back and evaluate the year's events, and focus on some of the more positive aspects of the school year 1980-81.

A good place to begin is within the spirit of the school itself. Tangible evidence is found in the fact that a dance was held at Burlington High School for the first time in three years, and drew such rave reviews that a second was held. This, in addition to the second year of regular pep rallies, brought a perhaps less tangible, but no less apparent attitude change to BHS.

Within the community, although for the most part BHS continues to be the scapegoat for the media, the students continued with their usual participation in community affairs. Most notable of these was the work done by students at BHS in support of the bond issue in March, and in talks with newly-elected Mayor Bernard Sanders concerning life at BHS.

In extra-curricular activities, although again BHS students didn't get the recognition that other schools did, over thirty Burlington High students volunteered their time to work at the International Winter Special Olympics, even though they received no credit and in many cases, risked losing credit in those classes that they were missing.

To echo the thoughts of many a philosopher and coach, success comes only to those who go out and get it. Well, Burlington High School, consider school year 1980-81 a success.

The *Register*, Burlington High School's newspaper was published six times during 1980-81. Reprinted here are a few of the best of the *Register*.

Music at B.H.S. began in early September with the sound of freshmen attempting to learn the drum cadence and the "street beat". With those mastered, they and the rest of the band hit the football field for marching practice. During marching season members of the band and chorus participated in a successful fund drive by selling tins of popcorn and candy door to door. At Christmas the band, chorus, orchestra, symphonic wind ensemble and Madrigal Singers combined their efforts to bring a joyful close to the semester spent with Miss Gail Powers as student teacher. The chorus, strings, and Madrigals also made their annual pilgrimage to Georgia Elementary School, complete with Santa, Rudolph, and Noah. The band and wind ensemble participated in the City Wide Band Festival held in April. Accomplished music students also had the opportunity to participate in three festivals: All State, New Englands, and Easterns.

The band helped out Special Olympics in many ways this year: marching in Stowe on two very cold nights, sponsoring the Shoot-a-Thon, and marching at the opening ceremony of the Vermont Summer Special Olympics.

The band's tour of area elementary schools was fun despite the weather which made one concert end earlier than anticipated. End of the year picnics were held for the Madrigals and for graduating seniors from band. The annual music banquet was held at the Boardwalk Restaurant. The final musical activity of the year was the Tribute to Seniors Concert on June 5 in which the band, chorus, orchestra, Madrigals Singers and Senior Ensemble performed. The Music Department and its directors, Mr. Robert Levis and Mr. Rufus Patrick, lose many talented seniors this year, but there are many underclassmen ready and waiting to fill their places.

ADVANCED ART STUDENTS

"You did it! That's a Mary Cossatt!" These few words were so pleasing to an artist who had struggled for six months to emulate the style of an American artist. This winter our class of eleven "advanced placement" painting students was involved in a study of America's cultural history. Through research, slide lectures, PBS's *America* series, a lecture-tour of the American Painting collection at the Shelburne Museum, we students gained a sense of our cultural heritage.

In late February we began researching an artist on exhibit at the Shelburne Museum whose work we admired. We studied the artist's composition, format, subject matter, colors, and painting techniques and did preliminary sketches for an oil painting that would emulate our artist's work. In early March, Hendrick Glageser joined us for seven weeks as a part time artist-in-residence. He not only shared his knowledge of oil painting with our class but his enthusiasm for authentically painting in the style of the American "masters."

Our oil paintings required most of the spring to complete. Then we each wrote a research paper on our chosen artist, and we had to write a defense of how well we copied our artist's style.

In May we spent our vacation time sketching and painting on the grounds of the Shelburne Museum. The pictures on this page were taken on this visit. If it were not for a grant from the Vermont Department of Education and the tremendous effort from our teacher, Maggie Conant, this class would not have been as successful as it was.

COMMERCIAL ART STUDENTS

The Burlington Area Vocational second year Commercial Art class, in conjunction with the Shelburne Museum and with a grant provided by the Vermont Council on the Arts, made a number of slide shows for the museum. The class divided into groups and studied a single aspect of Early America: advertising, homes, fashions, and tools. Jim Bennett and I chose tools.

On the museum grounds, tools are kept in the Shaker Shed. This building is large, and it contains more than 27,000 different tools ranging from sewing machines to hatchets to apple corers. It also has probably one of the most complete saddle shops in the state, and it contains enough tools to actually make a saddle.

Jim and I found that things haven't changed much. Tools have just become more modernized with the use of electricity. For example, Early American homes had a grindstone for sharpening knives and hatchets. Now days we use an electric knife sharpener or power grinder. Clothes that were wrinkled 100 years ago were ironed on a model that was heated on the stove.

The Shelburne Museum is large and has a vast collection. Working and studying there is much like traveling back in time to the 1800's. My classmates and I found the Shelburne Museum educational, interesting, and very worthwhile.

MODEL UN

On December 5, 6, and 7, the first annual Warren Austin Model United Nations was held at the University of Vermont. About 25 B.H.S. students took part in the program representing the delegations of three countries — the Soviet Union, Iran, and Japan.

The Model U.N. gives high school students a chance to put themselves in the shoes of the United Nations members and deal with the world's problems by drafting resolutions to correct those problems.

These resolutions were drafted in committee meetings of the different organizations of the U.N.: the World Health Organization, International Monetary Fund, Food and Agriculture Organization, and the Security Council. The resolutions had to pass through those organizations before they could be brought before the plenary session, which was the assembly of all the national delegations.

Many of the decisions that were rendered at the plenary came about due to wheeling and dealing at all hours of the night and day at the Sheraton Inn where the delegates were housed. This intermingling of the various ambassadors was a primary force behind the way this United Nations dealt with the world's problems.

A.F.S. SENDS SIX OVERSEAS

The A.F.S. Club was honored this year by having six people chosen as exchange students. Jenny Wool left in January for a year in Australia. In February, Mel Rippon left to spend a year in Brazil. Karen Baker, Meloney Lindberg, Alison Sprout, and Chris Trono all were chosen as summer exchange students to spend June, July and August abroad. The year's activities were highlighted by two Café Internationales, one in the fall and another in the spring. The club had two successful orange sales for the main fundraiser. For the second semester, B.H.S. had the privilege of hosting Michal Held from Tel Aviv, Israel. She stayed with us for six months. Although the club was unable to arrange an exchange trip this year, it is hoped that this can be done next year.

ISRAELI GIRL VISITS B.H.S.

Dear friends in B.H.S. — students, teachers, and everybody else,
Remembering my first days in Burlington High School, I feel that I have to thank all of you.

Thank you for being nice and showing me the way around so many times, for explaining everything that was clear to you but strange and new for me, thank you for giving me the feeling that I'm a part of B.H.S.

I learned a lot just from everyday conversations with you. Every single word that I didn't know before is a present for life.

Thank you, all my teachers, for interesting and boring classes. Both of them helped me to discover this strange world called America.

Time never stops and the "golden gates" will be behind me in some days. I want you to know that when I'll remember my A.F.S. experience, Burlington High School and you all will be a nice part of my memories and of my love to Vermont.

Sincerely,
Michal

B.H.S. GIRL, MELANIE RIPPON, VISITS BRASIL

Greetings from Brasil,

Some people must have thought I was going into "the jungles of Brasil", but actually I live in a large city of 400,000 inhabitants. I didn't have to beat-the-bush to get here. One of the first things I really noticed was the poverty. Farmers from the country come to the cities to find work and end up living in slums that surround the city. One orphanage I visited housed children with all sorts of sicknesses. There, they get two showers a day, four meals, and some clothing. That's not much to survive on, but they make it.

School here is very different. When you arrive at school at 7:00 A.M., you go to your classroom and stay there all day. The first three classes are an hour each, and at 10:00 you go for snack until about 10:30. From 10:30 to 12:15, you have your last two classes, and then you go home for lunch. School has no extracurricular activities. You're just there to learn.

The family unit is very strong. Children usually live with their parents until they get married, and many things are shared with the family. The rules for girls and boys are very different also. The father is very protective of his daughters, and has to know who, where, and what time she'll be in when she goes out. The usual curfew is 11:30 on a Friday or Saturday night.

Whether sitting home trying to carry on a conversation with "ma mãe" and "papai", or dancing the samba until my feet fall off, I will always love and remember this place called Brasil. I hope to return here some day to visit and once again experience the love and understanding I have come to know of this beautiful country.

Abracos,
Melanie

MARTHA AMES SPENDS YEAR IN FINLAND

In August when I arrived in Finland, I first observed the beautiful, lush countryside and the reserved inhabitants of this small country situated between Sweden and the USSR. As time flew and the first snow came in October things became warmer. I was now able to become more involved in school and outside activities.

My A.F.S. year has been spent on the southwestern coast in the quaint city of Rauma. I have traveled around Finland in order to get a broader view, visiting the large cities in the south, skiing in central Finland, camping in Lapland, and vacationing on one of Finland's 6000 islands. I've also visited Moscow, Leningrad, and other Russian cities. These visits to the Soviet Union have satisfied my curiosity of communism for a while.

The one word to best describe Finns that every visitor resorts to is the Finnish word "sisu" which means stamina and courage in English. I would have to agree!

My A.F.S. year in Finland has been an invaluable experience that I will never forget. I will return to Finland someday, and my Finnish family and friends will come visit me. Finland and Finns will always be a part of my life, thanks to A.F.S. Martha Ames

Picnic at the summer home in the winter. Martha (far right) and the Heikinen family.

HAPPY SUMMERS IN AUSTRALIA

I spent the summer of '80 in Sydney, Australia. It was a place that I had always wanted to visit. Thanks to A.F.S., I was afforded the opportunity. The people and the places were fantastic.

I stayed with the Catt family who live just outside of Sydney. I had a brother and sister, both younger. My father works for a newspaper and my "mum" is a housewife. What a great family!

During my stay I went to school. The kids were great and very friendly. It was interesting to hear their thoughts and ideas on what America is like. Their accents were hard to understand, and they complained that mine was too. Through the two months of school I picked up a slight Strine (Australian) accent which "me schoolmates" kidded me about.

Toward the end of my stay I did some traveling with my family. I got to see a large part of the Easter Coast line and a small bit of the "outback". It really gave me a good view of how a country can be so breathtakingly beautiful yet 100 miles away are acres upon acres of dry arid land supporting only kangaroos and sheep.

My experience with new people and places was invaluable. Thanks to the Burlington A.F.S. chapter and the Hill's Chapter in Sydney.

AUSTRALIAN BOYS JOIN BHS STUDENTS

Dear Friends,

How true can it be to spend a period of happy times at a school like Burlington High, especially if one comes from Australia?

My brother and I were fortunate enough to attend this school. Upon our arrival we were overwhelmed at the overall size as we weren't used to this large scale system. The help of the guidance staff and the assuring smiles of the office staff gave an inviting entrance to this very unique school.

Beginning school in September was the wrong time to begin a school year for us, but there wasn't much we could do. Over the summer we chose a few courses from the large number offered.

Burlington High School contrasted greatly with the strict system we were used to. No uniforms, an open campus, a cafeteria, and hundreds of tidy, well-dressed, smiling students and staff. The vertical integration of students in classes was also new to us.

Another one of the many wonders of the school was the impressive music department. The commitment and enthusiasm of the students and staff in all aspects of activity perhaps impressed us most of all.

Robert and I participated in the musical "Oliver!". This was not only a rare treat for the school but also the first time ever we had experienced a production of such intensity and magnitude.

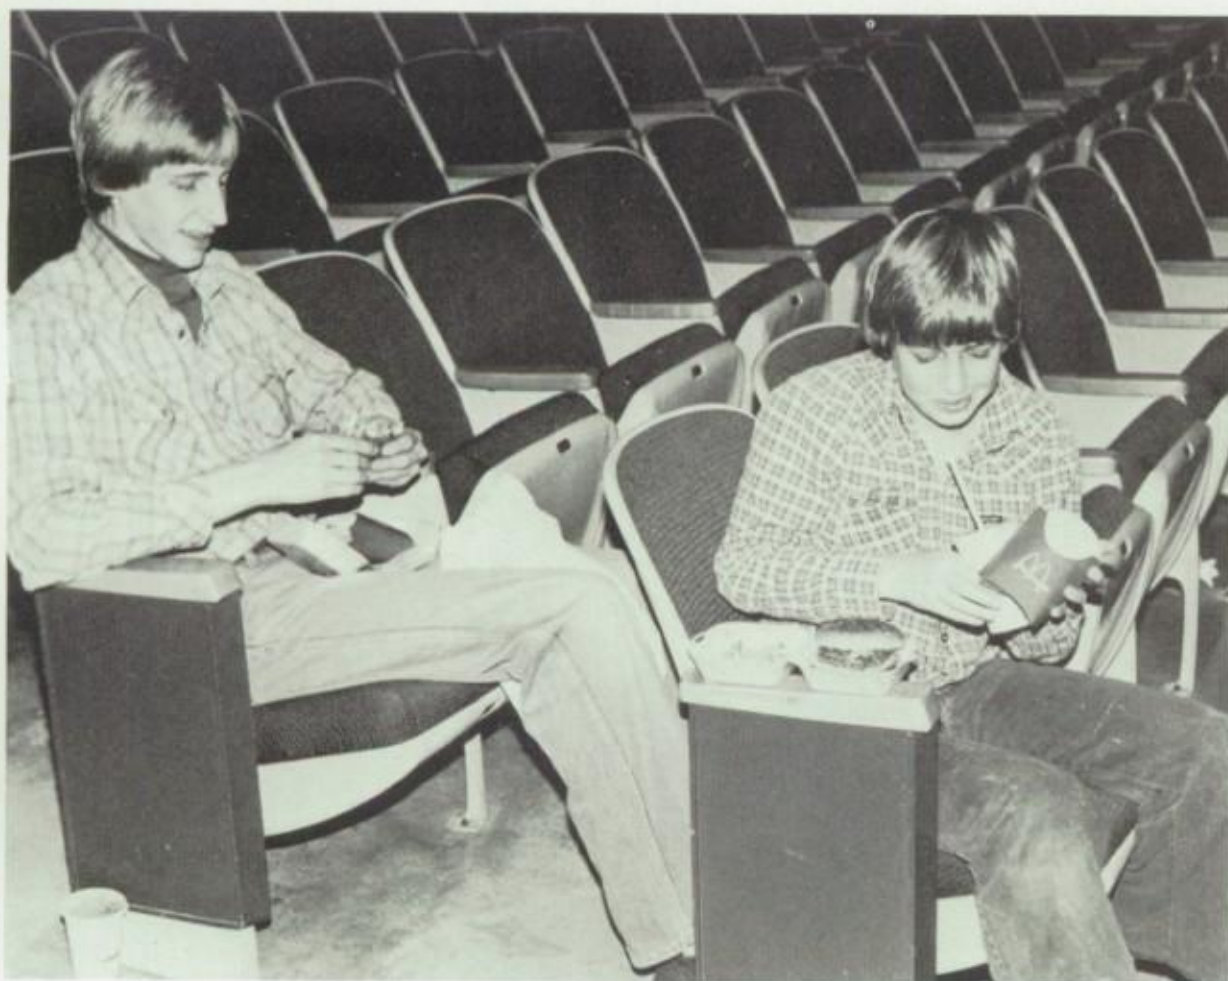

School in Australia has its emphasis on examinations and the pressures come from peers, parents, and teachers. Here, at Burlington the biggest adjustment was to organize our time to accommodate the activities offered and accept the responsibility ourselves for our actions, punctuality, and the freedom provided.

Unfortunately all good things must come to an end as did our stay in Burlington. Although it was short and we would have loved to stay longer, some of the fondest and most treasured memories are and will be of Burlington and B.H.S.

Thanks for having us and being so hospitable to us. I hope the experiences were as good for you as they were for us.

Au revoir,
David Holder

TI XIV: FRENCH FOR FIVE HOURS A DAY

Total Immersion was fourteen members strong this year. For the first three months of the semester, we struggled with the task of speaking French for five hours a day. We had endless history and geography classes, but we all survived. Beyond everything Olga was teaching us, we all had one date on our mind — May 3rd. We left from Mirabel airport in Montreal that day and arrived in Paris the next morning. After getting us lost a few times, Olga finally managed to find our hotel. We spent three unforgettable days touring Paris, and we were all reluctant to leave that beautiful city. Our three weeks in Bergerac were filled with many activities. We saw many chateaux in the countryside, as well as many of the local sites. Without a doubt, the time there was well spent by all, and none of us will ever forget our visit to France. Many thanks go to Mrs. Fontaine and our two UVM assistants, Margot Huber and Mary Rose. Our thanks, as well as our love and best wishes go to Olga Lehovitch for making Total Immersion possible.

JUNIOR ACHIEVEMENT

J.A. is a national organization in which high school students get together and form a company and run it just like a large business. This is sponsored by area businesses such as IBM or GE. The students then become involved in production, management, sales, and finance. This year my company,

sponsored by Champlain Cable, produced jumper cables and silk screened notepaper. I have been involved in JA for two years and I attended one regional conference. I have met new people and gained new knowledge of the business world.

STUDENT COUNCIL SPONSORS PROJECTS

The 1980-1981 Student Council consisted of approximately 60 representatives from throughout the school, 80 of whom came to meetings. Seriously though, because of many dedicated people, we accomplished our goals. These included Spirit Week, Rent-a-Student Day, a dance, a pep rally, two Red Cross blood drawings, and a B.H.S. Night. We also worked to pass the school improvement bond issue. The endowment of the 1979-1980 Student Council enabled us to contribute to the New England Music Festival delegates, Close-Up, the senior class, the '81 *Oread*, Zero (the seahorse), the bond issue, and Girls' and Boys' States. Best of luck to next year's Student Council. We hope that you will be able to carry through on some of the projects that we were unable to complete this year.

NHS RAISES FUNDS

The 1980-81 National Honor Society consisted of about 40 students who were selected on the basis of excellence in academics, leadership, service, and character. Thanks to the inspiration of our two faculty advisors, Mildred Akins and Mary Joslyn, and the hard work of our officers, Dan London, Kari Dittrich, Scott Metcalfe, and Nancy Guilbert, the year was a success. We even perfected our cooking skills. With five bake sales, the National Honor Society raised money for inductee pins and graduation cords.

Superintendent Gutknecht congratulates his daughter, Lisa.

The delegates of the 1980 session of Girls' State all got involved in some aspect of the experience, whether it was holding a public office, cheering on the legislators from the galleries, or just getting into the spirit in each individual town.

Girls' State is a lot more than a better understanding of government. Of course, the learning experience was priceless and important to us all. But other events meant so much: the governor's impressive victory of the Independence ticket, the unbelievable closeness that had quickly grown between the girls, the new friends, the Boys' State "stripper" dance, and the unmentionables up the flagpole. All these things and more made it worthwhile for the B.H.S. girls to attend.

Kari Dittrich

The 1980 delegation to Green Mountain Boys' State was one that brought about great change in the institution of Boys' State. The conference was held for a week in June at Norwich University in Northfield.

After being assigned to their separate towns, counties, and political parties, the Boys' Staters from Burlington gathered in a private caucus and decided to form a third party. This party came to be known as the Freeman's Party. Despite opposition by various counselors, the Freeman's Party continued to campaign and work, finally gathering about thirty members from Milton, Colchester, and Burlington.

The success of the Freeman's Party was in the election of the Lt. Governor. This small band of "radicals" actually had a candidate elected to a major office. Also, the Freeman's Party members brought a change to the Boys' State Constitution which allowed for more than the preassigned two political parties.

The delegates took many memories away with them: being called "radical subversives" by other Boys' Staters; long, boring lectures; food fights; and, most of all, the Civil Defense drill that turned out to be a water balloon raid on Alumni Hall.

Memories of the 1980 Boys' State experience will linger long in the memories of the seven participants and within the institution itself.

MATH LEAGUE TRIUMPHANT

After the loss of several strong team seniors coupled with the departure of a leading junior, the Math League team was apprehensive about its chances for victory this year. We managed to win the first two of four meets, however, amazing both ourselves and the opposition. All we needed to win the league were two second places in the final meets. Unfortunately we merely captured third in the next meet. We feared that Burlington's long mathematical supremacy was at an end, but we were saved by an astonishing first place in the final conflict, and reign triumphant once again.

'81 OREAD PUBLISHED; SUNRISE, SUNSET THEME

Begun with us in the sunrise of this year and culminated in the sunset, this is the 1981 *Oread*. It is not a history or an exact representation but an impression of the year. Through imagination and effort the yearbook staff has arranged the events and the people present in this year and at this school into a pattern to induce thought, remembrance, and feelings.

The yearbook has lived with us through our laughter and our tears and has grown as we have grown. The moments of triumph, of frustration, of hopefulness, and of despair are reflected through our pages. Each emotion portrayed is a representation of what we all have experienced. Through the pages of the *Oread*, we hope that 1981 will continue to exist in our memories and in our minds.

SEAHORSE FOOTBALL SHOWS GAINS

Bob Yates' second B.H.S. football team with its 2-6 record was very characteristic of the first. B.H.S. fielded good quality players but could never quite put it together enough to gain many victories. From the outset, the team was handicapped due to loss of personnel by suspension and injuries. With strong mettle displayed by the remaining varsity players and help from the J.V.'s, the Seahorses became much better as the season progressed.

After some close games against tough adversaries, the Seahorses chalked up their victory over B.F.A. with a strong defense and the skill and luck of M.V.P. Tim Yates. The climax of the season was the 24-6 thrashing of Rice. The "awesome" Seahorse defense manhandled Rice; quarterback John LaVallee, sophomore Paul Phillips, and Yates all put in outstanding performances. Excellent effort was invaluable from senior Captains Tom Ryan and David Young. In addition the team was honored when one of its members, David Young, was named to the 1981 Vermont Maple Sugar Shrine Team.

The "New Attitude" of Coach Yates and defensive coach Dean Kent should pay off in the victory column next season with Paul Leavitt, John LaVallee, Scott Kynoch, and Paul Phillips leading the foray.

BOYS' SOCCER SETS BEST SEASON EVER

The 1980 boys' soccer team went through the season at eight wins, four losses, and two ties, capping their season with a disappointing 3-2 overtime playoff loss to Missisquoi. However, the season record was the best ever recorded by a B.H.S. team, and the playoff berth was only the second ever. In addition, the Seahorses finished second to Milton in Division II, the best ever finish in the division.

Offensively, Seahorse soccer was led by junior Ritchie Snow and sophomore Brian Smith each of whom scored seven goals. Also leading the attack were seniors Ed Shackett, David Hanna, Joe McNamara, and juniors Randy Trombley and Joe Sweeney.

The defensive strength of Coach Dave Bahrenburg's team was the backbone of this year's success, as evidenced by the allowance of just thirteen goals in fourteen games, including six shutouts. Tri-captains Andy Barlow, Harry Hunt, and Rick Lawes provided the main force behind this strength, with ample assistance from juniors Rick Palin, Greg Mitchell, and Jeff Vigne. In addition Barlow and Lawes were named to the All-League and the All-State teams.

With eleven players returning and a solid J.V. program as a feeder, next year's fortunes for soccer success seem very good.

Rick Lawes

GIRLS' SOCCER HAD "ALMOST" SEASON

The girls' varsity soccer team, consisting almost entirely of sophomores and juniors, faced a difficult and discouraging season with a 0-12 record. The opponents were tough, and our "almosts" were important. A heartbreaking 4-3 loss to Milton showed that our efforts were good. Spirits did not flag due to our enthusiastic coach, Chris Zagajeski and our Co-captains, Lisa Jenkins and Llynne Carpenter. The Coach's Award went to Cathy Breen and the Most Valuable Player Award went to Llynne Carpenter.

With so many returning underclassmen, the girls' soccer team will be one to watch in the coming years.

FIELD HOCKEY FINALLY WINS TWO

The 1980 girls field hockey team posted 3:9:0 record under the direction of Kathy Dates and Nancy LaVarnway. The team won its first game in five years with a 1:0 victory over Winooski. Another highlight of the year was the surprising victory over one of the state's top teams, South Burlington.

The field hockey clan will be losing a strong halfback, Co-captain Susan Carney, a consistent center forward, Co-captain Lucia Gaylord, the high scoring forward, Johanna Laba, and the dependable fullback, Jane Bemis. The girls are looking forward to an even more triumphant year with the return of a strong team.

The Coach's Award went to Jane Bemis. Johanna Laba received the Most Improved Player Award, and the MVP Award went to Lucia Gaylord.

GIRLS' X-COUNTRY TEAM SUCCEEDS

Have you ever seen nineteen gorgeous girls running through a field with tight Nike sneakers and *no* socks? No? Then you missed the 1980 girls' cross country team. The season consisted of numerous unrepeatable jokes, potato chip raids, initiations and lots of hard work.

The team had a super season under their new coach, Janet Cochran, losing only to Essex, Rutland, and U32 in the State Meet. Linda Halverson, named the Most Valuable Player, was State Runner-up; the rest of the "A" team ran close behind. The team, confident that their great performances and crazy traditions will continue, is losing only three seniors: Linda Halverson, Kari Dittrich, and Kathy O'Brien. Good luck and best wishes to next fall's team.

BOYS' X-C RUNNERS SURPRISE OPPONENTS

A young and inexperienced Boys' Cross Country team, coached by Bob Pecor, surprised many of its opponents and finished with an impressive 66-17 record. The team had only five runners return from the previous season, but managed a stunning third place in the State Meet and a tenth place in the New England Meet held in Manchester, New Hampshire.

The reason for the success was a strong five man nucleus which included Senior Captain Steve Phelps, junior Tom Van Buren, sophomore Chris Hurd, and freshmen standouts Chris Brady and Andy Dean.

The post-season awards went to Phelps (M.V.P. and Dedication Award), Van Buren (Coach's Award), Brady and Pat Carr (Dedication Awards). The team will look forward to a strong effort next year with six of the top seven runners returning.

CHEERLEADERS SHINE ON!

The Burlington Varsity Cheerleading squad of 1980-81 shined their way through another season. It was a time for new beginnings and sad goodbyes. It was the first year of collaboration on a half-time routine with the Rice squad. There were two tryouts for the first time, one for the football season and one for the basketball season. The separate tryouts gave the opportunity for members to participate in another sport and for new members to join.

This season was the last one for our coach and friend, Susan Luck. Her never-ending ideas and enthusiasm have given us a unique style and have helped us to grow and work as a team. We'll also be saying farewell to seniors Jean Lynch and Noralee Cartier, the co-captains, and to Beth Devoid.

The perfect ending to the year was winning first prize at the Invitational Cheerleading Competition in East Montpelier in late March.

SPIRIT LEADER: ZERO!

The buzzer sounds — it's half time. As the band files onto the field, a blue figure prances out waving blue and white shakers, and the crowd goes wild. He appears at basketball games, football games, soccer games, and pep rallies — a guardian of school spirit in seahorse attire. His comings and goings are heralded by uncontrolled applause and cheers, but still the secret remains. Who is he? The blue and white bundle that can conjure up more rowdiness than four cheerleading squads has defied all scrutiny. He is . . . well, if we told you, he wouldn't be a secret anymore, would he?

Picture 1. "Gimme a 'B'!" 2. "We're number ONE!" 3. "Crunch Rice to Krispies!"

The creation of Zero was made possible by the efforts of: T. Albertson, M. Danis, T. Baker, H. Rider, J. O'Brien, S. Amrhein, M. Rippon, B. Tang, M. Hayes, Mr. and Mrs. Albertson, Mr. and Mrs. Danis, Mr. and Mrs. Baker, Mr. and Mrs. Amrhein, Mrs. Tang, Mr. Cardell and the Student Council.

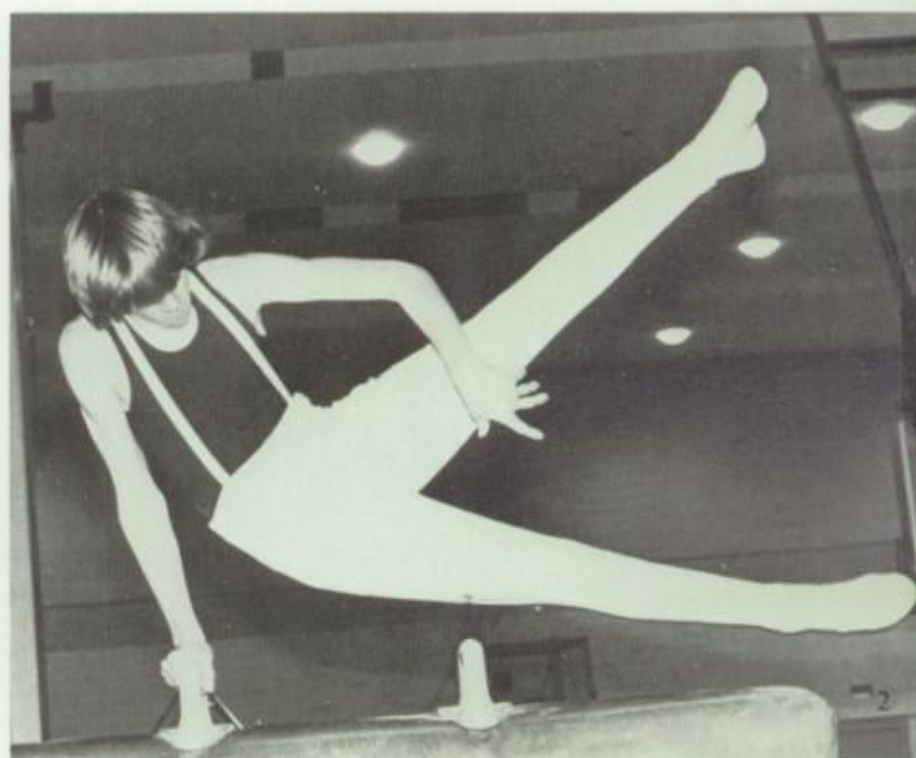

BOYS RECAPTURE STATE TITLE

The 1980-81 gymnastic season was a very successful one for the Burlington boys' gymnastic team. Led by Coach Cliff White, the boys swept through an undefeated season and captured the state title. This year there were many outstanding performers, and many of the B.H.S. competitors received individual state awards this season. Senior Jim Joyal took second place in the state on high bar and placed third in the pommel horse contest. Senior Dave Ziemba placed third on the rings and the floor and captured third place in the all-around competition. Nick Hemingway, also a senior, took second place on the floor and placed third in vaulting. Junior Randy Trombley captured fifth place on floor and pommel horse. Junior John LaVallee took first place on the floor, vaulting, and pommel horse. By placing second on parallel bars and third on high bar, he was able to again capture the number one spot in the state in all-around competition.

GIRLS' GYMNASTICS VICTORIOUS YEAR

Thanks once again to the excellent coaching of Diane DiGiovine, the 1980-81 girls' gymnastics team had another strong year. Their seasonal record was twelve wins and two near wins. The Seahorses finished second in the state meet with only 1.3 points separating them from the Springfield squad.

Leading the team all season was all-around performer Heidi Turnbaugh. She was the winner in the bars, beam, and vaulting events at the state meet. Other strong performers during the season were Jenny Grove, Heather McGivney, and Tricia Dowhan.

Graduating seniors are Heidi Turnbaugh (M.V.P.), Glenda Ross (Coach's Award) and Cheryl Heffernan. Next year promises to be another successful season with the return of experienced underclassmen.

HOCKEY TEAM WINS DIVISION I CROWN

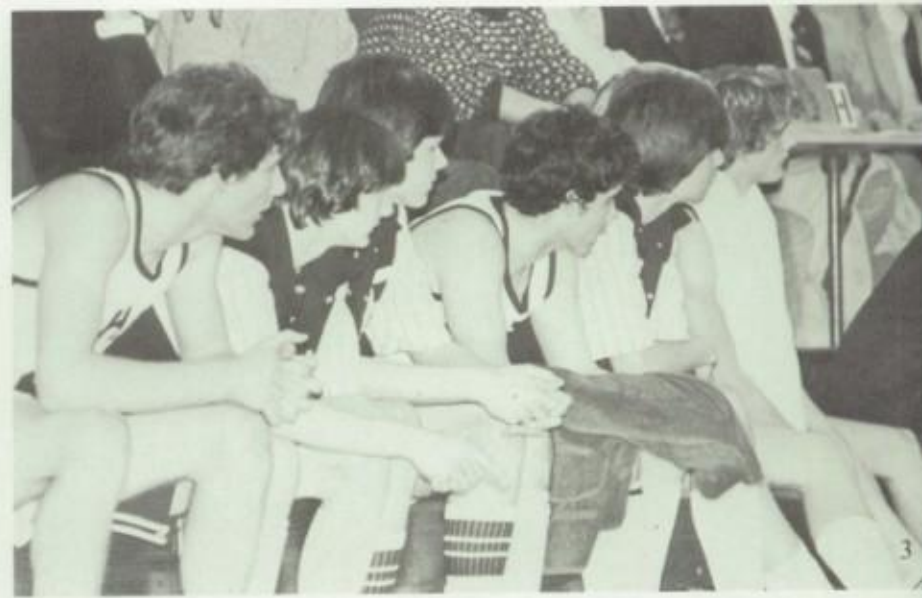

The 1981 Seahorse hockey team had an outstanding season winning the Division I championship with an overall record of 15-5. The Seahorses beat every team in the league at least once, and the highlight of the season came when the team annihilated long time rival B.F.A., 7-3, at Leddy Park Arena.

The Seahorses were led by an explosive offense which outscored its opponents 107 goals to 53 goals. The Seahorse sparkplug and team M.V.P. Brian Sicard led all scorers on team as well as the division with 41 points. Other top scorers for the Seahorses were Eric Hanley, Mike Morrissey, Charlie Burchard, and John O'Sullivan. Others who contributed to the offensive punch were Tom Ryan, Tim Vachereau, and Joe McNamara.

The B.H.S. defense was also strong with goal-tender Jeff Vigne leading the way with steady defensemen John O'Sullivan, James Blasidell, and Bob DiVenuti. Depth was provided by Gary Wulfson, Brett Phillips, and Bruce Walbridge.

This 1981 team is graduating 13 seniors, seasoned talent which will surely be missed next year: Co-captains O'Sullivan and Ryan, Vachereau (Coach's Award), DiVenuti, Phillips, Walbridge, Wulfson, Hanley, Sicard, McNamara (Most Improved Award), Jim Bennett, statistician Rick Lawes and manager Mike Barrett.

YOUNG HOOPERS LAND PLAYOFF SPOT

The '80-81 basketball team experienced a roller coaster season. Despite early season losses to Rutland, Rice, and M.S.J., the team came back and qualified for the play-offs with pivotal wins over Spaulding — 72-70 in overtime — and Montpelier in the regular season finale.

This year's team was paced by senior forward Jim Chicoine, a second team All-North selection and the season's M.V.P. The team will also be losing seniors Scott Alpert, Steve Brown, Steve Phelps (Coach's Award), and Bob Lemons.

Junior Paul Leavitt was also the recipient of a Coach's Award, and he was an All-North honorable mention designee. Leavitt and other strong underclassmen will form the nucleus of Coach Richard Falkenbush's 81-82 squad.

Having finished with a 8-13 record, the Seahorses showed much talent, character, and poise despite its youth and inexperience. Coach Falkenbush stated that all in all he was pleased with the season — a feeling shared by his team.

FEMALE HOOPERS: REBUILDING YEAR

The 1980-81 girls' basketball team was not as successful as they had hoped to be, showing a winless season, but their outstanding attitude reflected victories not apparent on the scoreboard. The team should be well-rounded next year with all members returning except graduating senior Lisa Hobbs (Coach's Award). Those who will bring about a promising new season are juniors Lisa Happy (Dedication Award), Mary Goulet (M.V.P.), Mary O'Brien (top rebounder), Kim King, and Ruth Moore. Returning sophomores include Lori Pornelos (Coach's Award), Dawn Tucker, and Terry Maxwell. Enhanced by the ceaseless dedication of Coach Bob Pecor, the girls will surely go far in the coming years.

WRESTLERS GLOW; TWO TAKE TITLE

B.H.S. had an exceptional wrestling team this year because of the dedication and hard work from every member. The team was led by senior Captain Steve Dike, a two time Vermont State Champion and junior Chris Gnaedinger who placed third last year and first this year in the state tourney. Going into the state finals, Dike had a 28-1 record and Gnaedinger brought a 28-1 record. Dike pinned his man, and Gnaedinger, who previously was beaten 19-3 by this opponent, won the match, 19-5, and the title was his. Also, Gnaedinger was voted the outstanding wrestler of the State Tournament. The team will be losing seniors Dike and Carl Newsome. Coach Chattman deserves credit for fine coaching. Without his efforts during this, his first season, the team would not have been nearly so strong.

SNOW ALLOWS GIRLS WINNING SKI SEASON

The girls' ski team was "wired" (i.e. psyched for us bystanders) this season. With help from Coaches Dick Painter, Dan Quinlan, and Dan Kresser, the Nordic and Alpine skiers took 2nd and 4th place in their respective events, giving the team an overall ranking of third in the state — the best placing of the team in 20 years. The cross-country relay team (Becca Ellis, Kari Dittrich, Beth Albarelli, and Linda Halverson) accomplished a long time goal this season; they upset Middlebury in the 4 x 3 relay at the district meet. In the slalom event at the state meet at Burke Mountain, strong backup came from the underclassmen: Pam Guiduli, Julia Hallquist, Carrie Hadden and Paige Reiley.

The team will lose Beth Albarelli (Nordic Captain, Coach's Award), Linda Halverson (Nordic M.V.P.), Kari Dittrich, Lisa Jenkins (Alpine Captain, Alpine M.V.P.), Rekha Mirchandani, Jennifer Forsyth, Margaret Novotny, Diane Wheeler, and Melanie Rippon. Coach Painter predicts a strong team next year, with lots of talented underclassmen returning for another electrifying season.

BHS BOYS SKI TO WIN STATE TITLE

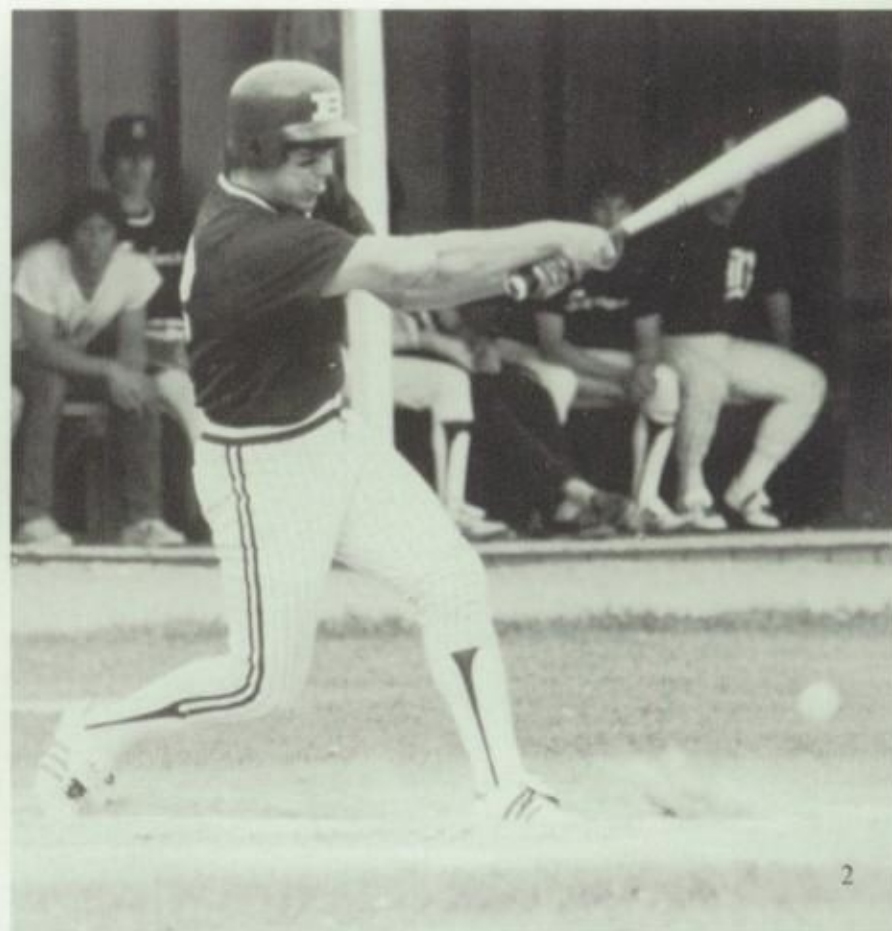

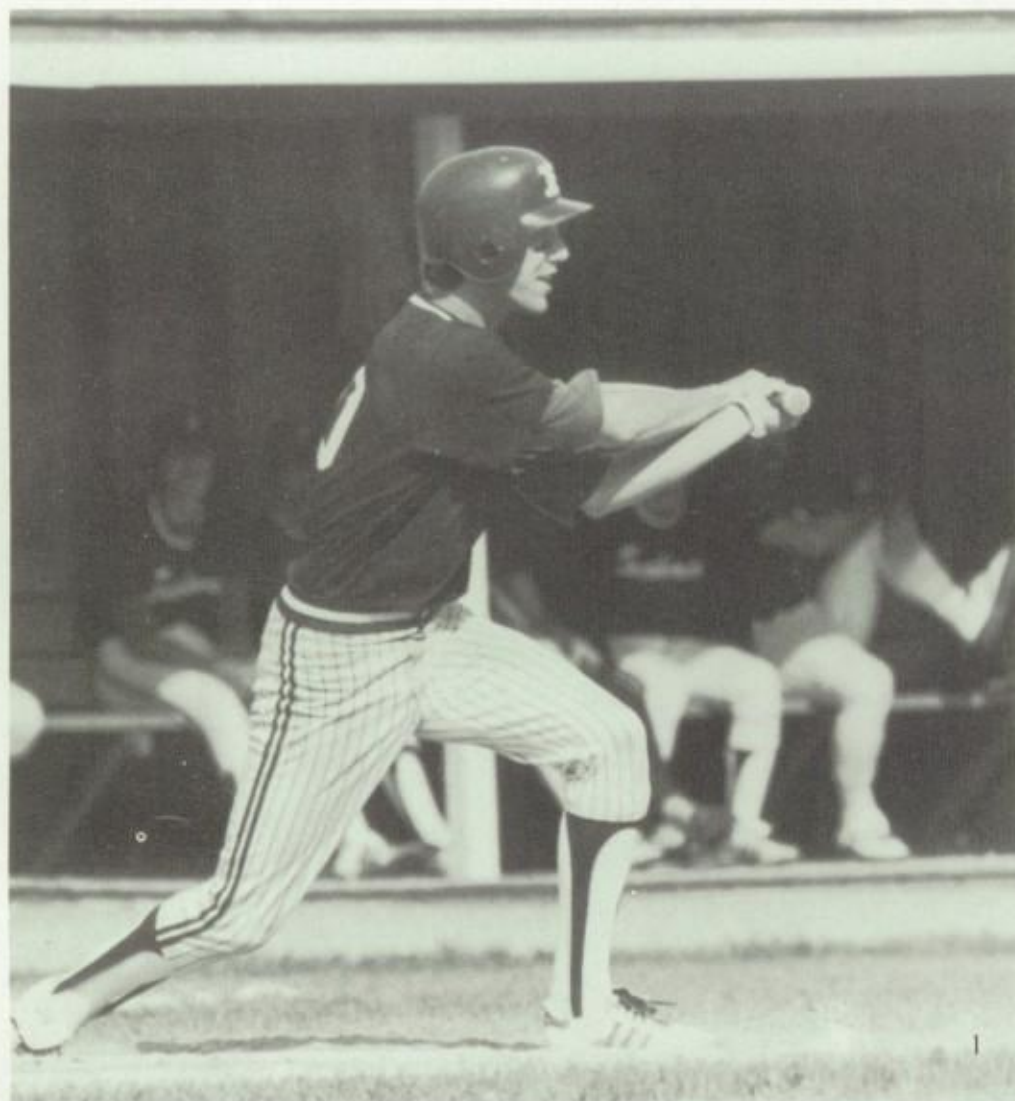

The B.H.S. boys' ski team this year did an outstanding job. Harry Hunt, J. T. Pierson, Matt Boyle, Barry Guiduli, Chris Pilcher, and Scott Rieley led the downhill team to one of its best years. Andrew Deane, Chris Brady, Tom Van Buren, Carl Ward, Richie Does, Scott Truex and Del Martin kept the x-c team close enough to its opponents so that the accumulated victories of the Alpine team were enough to carry the entire team over the top to a State Championship for the second time in three years.

Special thanks to Dan Kresser and Dan Quinlan, the dedicated coaches. Graduating seniors are Hunt Rieley, Brooks Cummings, Boyle, John O'Brien, and Brett Kelly.

SUCCESS FOR BHS ON BASEBALL FIELD

The 1981 Seahorse baseball team once again continued its winning tradition. The team posted a 12-7 record and advanced to the State semi-finals before bowing 1-0 to a strong South Burlington opponent.

Much of the team's success was due to the awesomely steady infield of Andy Barlow, Bill Burns, Ritchie Snow, Art Dusablon, and John O'Sullivan. The team also benefited from a very strong pitching staff of Paul Leavitt, Ken O'Brien, Pete Stapleford, and Chris Antell.

The Seahorses will lose five seniors: Barlow, Burns, Snow, O'Sullivan and Bob DiVenuti. But, with the help of many up and coming young ballplayers the team will continue their winning ways.

Our many thanks to our two coaches, Jim Billings and Perry Bove. Also, a very special thanks to our fantastic manager, Mike Barrett. Mike will be graduating and will be greatly missed next season.

SEAHORSE GOLFERS PLACE FOURTH

The 1981 Burlington High Golf Team completed the season with a 10-11 record. Top performers on this year's team included Todd Hanley, Eric Hanley, Steve Brown, John O'Brien, and Tom Richards. The high point of the season was upsetting Rice at a match in St. Albans, 13½ to 4½. Rice was eventually the sectional champion. Burlington finished a strong fourth in the Northwest District Sectionals to wind up the season.

Coach Al Trono's team will be losing five seniors: Andy Farrington, Rick Lawes, John O'Brien, Steve Brown and Eric Hanley.

SOFTBALL GIRLS SHINE AT LEDDY

The 1981 Girls' Varsity Softball team was a young and ambitious clan, starting the season off with only seven returning varsity players. At their home field, Leddy Park, the team had a slow start, but through teamwork, emphasized by Coach Nancy Condit, the team became more aggressive and experienced. The team will lose only three seniors: first baseman Karen Adamson, second baseman and captain, Joanne Lancaster, and catcher Lisa Hobbs. Lisa, the second captain, left the team earning both the Coach's Award and the MVP Award. Next year's team will prove to be stronger with such promising returnees as Kim King, pitcher, Dawn Tucker in the field, and Lynn Bisailon at shortstop. Yah-yah-yaah!

SECOND PLACE SPOT FOR GIRLS' TRACK

The 1981 Girls' Track team had its best season in a number of years. The climax of the season came with a second place team finish at Districts. To work us up to this event, Coach Kent and Coach Yates drilled into our minds that every meet preceding Districts was "just another practice." The results of that attitude are crystal clear.

The B&M Club was at its peak this year with a president (L.H.), vice-president (M.P.) and secretary (T.D.). An opportunity to become a member of this elite society was never missed.

The team had lots of depth this year and will be only losing five seniors: Ronda Brown, Cheryl Heffernan, Linda Halverson, Lisa Jenkins, and Lynn Rossi. The team will also lose co-managers Kari Dittrich and Jane Bemis. The abundance of talent that remains promises a very successful future.

BOYS' TRACK TEAM CAPTURES TITLE

The Burlington High School Boys' Track Team had an outstanding year. They remained undefeated through the regular season winning their own invitational and capturing the Northern District title. In the state meet the team had a few unlucky breaks and finished fifth. At the end of the season, the record was an impressive 43-4, losing only to southern Vermont teams. The reason for such a successful spring was due to the coaching staff: Bob Murray, John Mazuzan, Tony Orzech, and Jack Conry. Five school records fell this season in the following events: javelin, 880, triple jump, high jump, and the mile relay. The team will be losing twelve seniors, but a very strong team of underclassmen who played a substantial role this year will be left to carry on the successful tradition. The MVP award was voted by the team to Steve Phelps, and the Coaches' Award was received by Shawn Bombard. Next year's team will do well if they bear one thought in mind: "Another one bites the dust."

WINNING SPRING FOR BOYS' TENNIS

The B.H.S. Boys' Tennis Team finally does not have to say that it had a "rebuilding year". The team ended up 7-3 in the league and made it all the way to the quarterfinals of the Vermont State Championships before falling to Essex in a close match. The great season can be credited mainly to the team's new coach, Scott Light. He helped the team with both the basics of the game and the strategy involved.

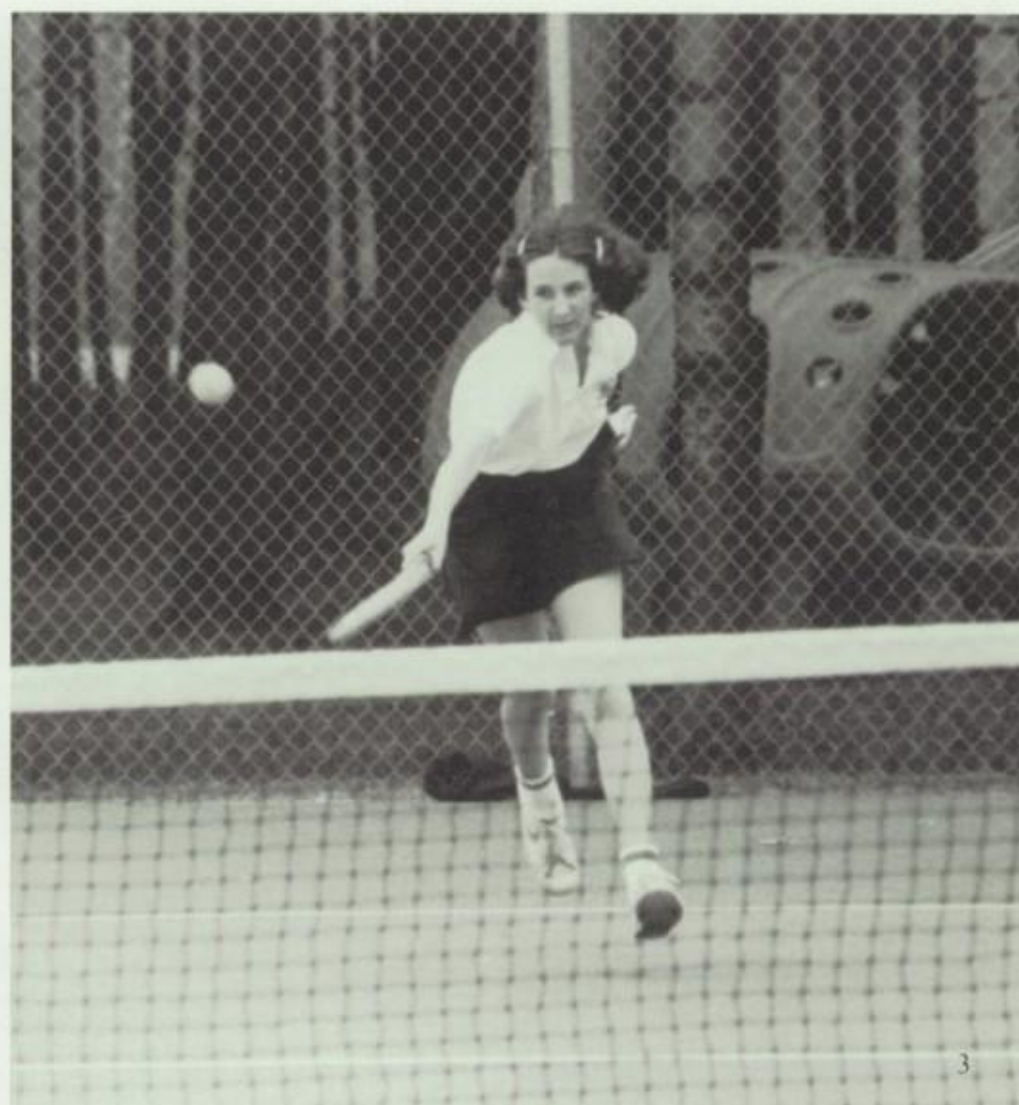

The only senior on the team this year was Duane Austin. The team will miss him, but with returning players J. T. Pierson, Peter Flur, and Captain and two-time M.V.P. James Hines, they can look forward to a strong leadership next spring.

GIRLS SERVE UP A 5-6 SPRING SEASON

Coming into the season with only three of last year's twelve varsity players gave the '81 girls' tennis team rather weak odds, but the girls still gave it their best shot under Co-captains Sylvie Vidrine and Diane Wheeler.

After a tough season, the team moved into States as the number eleven seed. During the first round, the B.H.S. girls beat the sixth seeded Burr and Burton before being defeated in the quarterfinals by third seeded C.V.U., thus ending the season with a 5-6 record.

This year, Sarah Gates, a deserving senior, captured the M.V.P. award, and Krissy Gear received the Coach's Award. Since the team will be losing only three seniors (Diane Wheeler, Kay Byington, and Gates) next year should be a promising season.

BOYS' GYMNASTICS TEAM

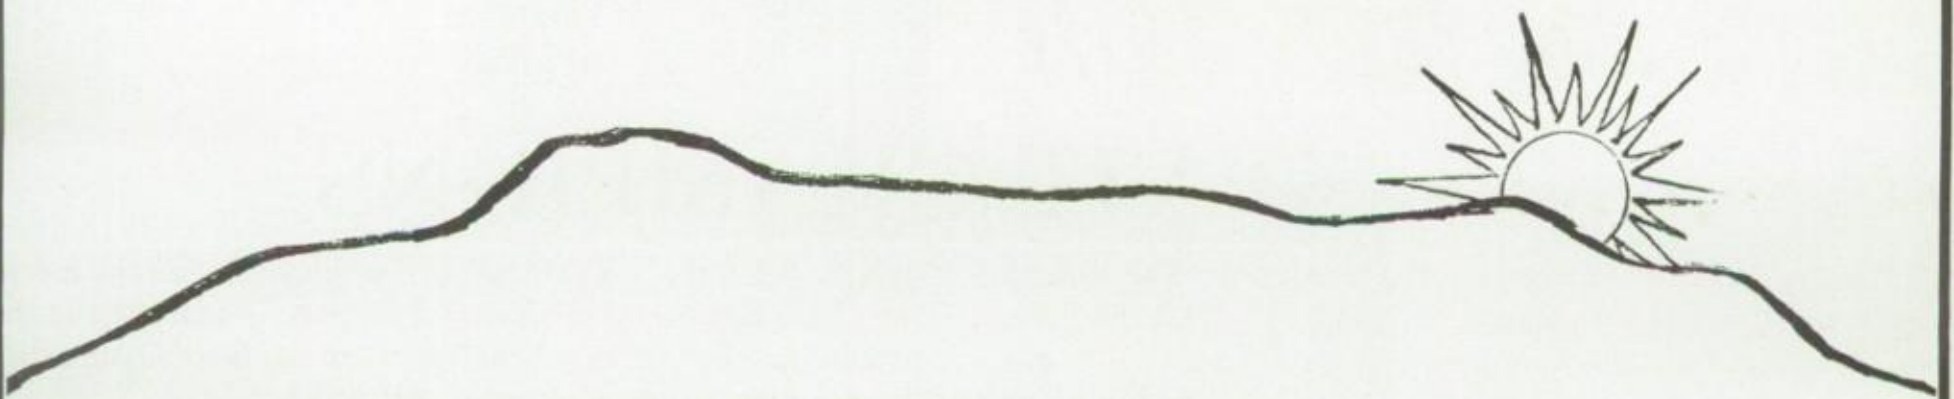

80-81 STATE CHAMPIONS

Each year here at Burlington High School we have athletic teams that climb to the pinnacle of Vermont high school sports by capturing the state championship of their sport. The only publicity that comes within the school to amplify their achievements is a blue banner that suddenly appears on the

gymnasium wall, and perhaps an announcement on the morning of the day after the victory. This page is dedicated to the achievements of the Boys' Ski Team and the Boys' Gymnastics Team — the best in Vermont in 1980-1981.

SENIOR WILLS

I, Maria Kieslich, being of sound mind and not wanting to mention my body, give to Pam the duties of vacuuming the Emperor's Palace, to "you know who" your teddy bear, to Sweet Pants the bush I beat around, and to Gina and Kelly, alias Heckle and Jeckle, I leave Mr. Chan, and stay out of Mr. Barry's soup.

I, Lizard, leave to Kitty, Fish, the only thing I left untouched (but I can't vouch for others). And to Moly I leave senior privileges; maybe this year you'll understand.

I, Dave Bolender, bequeath my English vocabulary lists to Chris Oliver so he may compose graffiti and not be embarrassed about his spelling; to Eddie B., I leave all of the valuable knowledge of Music Ex. II (may you dispose of it properly) and most of my personal belongings which are lost somewhere in our locker.

To Jane Corman, I leave all the fun I had during my senior year. I, Mary Beth, leave it to you because you deserve it!

I, J.O., hereby leave "Patrick" to Nate and Floyd every day 9-10. To Star, I leave a "twirling 30". To Penny, I leave everything! To Mr. D., I just plain leave!

I, Karen Adamson, being of sound mind leave my brother, Michael, B.H.S., and, to B.H.S., I leave my brother, Michael. Good luck!

Chants Forever yours I love you. To my many wives, kiss my grits. Hugh, thanks for the memories, J.M., your so special, I leave you my memory. Clam.

To Clam: I love you. To D.B. and C.B., I envy our friendship. To S.W. remember me. To Kevin D: I'll never forget you. To J.D. and C.O.: Thanks for the memories.

We, C.G., Bagel, Fozzie, Jello, JoJo, and Spanky, with first grade minds and second grade bodies, leave mods 9-10 to any future seniors who dare be themselves and make the best of their senior year. We, leave you with one question: "Are you from Jersey?" Remember, and never forget, don't drink barley in the sun! Football you bet! Class of "81" is devo!

I, Rick Butler, being of a questionable state, do hereby bequeath upon Dan Titus, Todd Laramie and Gary "U.S." Roy, my insatiable appetite for party, women and loud music. As well as my inexhaustible supply of excuses for being late to school, class, etcetera and the unceasing amount of bovine extraneous material that has successfully clouded my lack of studying since freshman year. These are useful tools gentlemen; use them wisely and well.

We, Barb Boettcher and Ben Beach, leave to Greg "Tex" Mitchell and Ruth "Rapid-eye" Moore our minds and bodies (respectively). When their senior year's over they must return them for deposit.

We, Mutt, and Jeff, leave to Uncle Joe Barry enough birdseed and a lot of newspaper for his 500 lb. canary. To Mrs. Nem. we just leave to escape her "good luck" (just kidding). To Mama T. and Mr. M we leave a new couch replacing the one we wore out and the knowledge that we have destroyed all tapes of our conversations. We just hope the walls don't talk.

I, Andrew Jodoin, being of corrupted mind and perfect body, leave to Miss Allard one helium balloon so she can write on the chalkboard. And to "Mutt" I leave me.

I, Sarah Gates, being of short body, leave Mr. M. J. Barry's physics class with a sigh of relief and a "soundless" mind. I leave to Mr. Kent his box of "stuff" for the next "Mutt" to come along. For Mrs. T. and Mr. Murray, I leave a prayer that the "talking wall syndrome" never occurs! And for Nem, I leave all my gratitude. Love, the Apricot Lady.

I Joanne Lancaster, being of sound mind and body, will the bench in "D" building to Dan Marchessault and the gang. And I also leave my Jordash shirt to Dawn Tucker and Kim King.

I, Michelle D., being of dizzy mind leave to Denise my rowdiness! To Mr. Trono: Good luck with next year's geometry cult! To Allison, Wanda, Bentley, David H., David G., I leave my good luck for Algebra II! To Thew I leave S.P.C. and parties! Good luck! To Karen, I leave mega tupperware parties! Mrs. Nemkosky: Thanks! Mrs. Colburn: I'm going to miss you!

I, Chris Fisher, being of unsound mind and body, do declare that Freneau and F.J. are now certified Gemologists! To Bob Yates and Deano the boys are down at Clifford! Go get 'em! To Bob Murray, Juan, and the B.H.S. track team, "Another One Bites the Dust!" To Mrs. Nem, many thanks for helping me with my college plans. I love you, Llynnie.

I, David Ziemba, will to John Lavalley and the remaining gymnastic team all my spirit and fun-loving adventure which will be necessary to carry on the tradition of our Friday night sliding parties. Have fun!

I, Gonzo D. Feedback, being of warped mind and body do bequeath the following to the following: to Miss Akins and Mrs. Welch each a Jack Daniels cap to wear in class and to Mrs. Kinville, a pair of platform shoes. To the Colonel, a can of black shoe polish. To all underclassmen, live fast and love hard.

I, Jean Lynch, hereby leave my fellow rowdie friend, Mary Whitehouse, my class rowdie award. May you learn to control yourself the hard way and learn like I had to. Good-luck! Also my two good friends Jerrie and Penny, may you enjoy the one and only Great Tuna. Love Lyncher YEA! YEA! May you all enjoy your last year like I did.

I, E. J. Shackett being of altered mind and super body, do hereby and henceforth, will and bequeath, to my fellow hurdler, Scott Davis, my four star athletic supporter. I also leave my track spikes to another hurdler, Edward Blaisdell, whose duty it will be to carry on the Eddie tradition of excellence.

I, Erbis, leave the woods of B.H.S. and those late nights with Budweiser to my brother, little Erbs.

I, Jeff Bryant, being of unknowing mind and half-built body, leave to my loving Lori, myself, and Velamints for every day. To Brenda and Jill, I leave my flirts. And "green" comments during lunch. To Kenny and Rick, the rest of my half built body. Shelly and Janelle, the best of luck with guys from your cousin from N.Y.

I, Jeff Bryant, leave to Craig (little brother) and Cindy (my "Ex") my blessings for the future. Finally to Mr. Smith's classes — I leave my business brain. They'll all need it.

I, Rick Lawes, being of no mind and little body, do hereby bequeath the following: to the S.P.C., I leave the vacant presidency of the Bob Marley Fan Club; to Big Jim I leave my paintbrushes and my press releases; to Mrs. Schermer, I leave a big bottle of rubber cement and a pair of scissors; to Seber and Gladys I leave my pocket for messages; to Tex I leave my "Piggy-eyes" and my chaka — give both arms a workout; to Barney I leave Sunday afternoons on the front porch drinking quarts; to the soccer team I leave my squirrel tail; to Mr. Donoghue I leave a big yellow taxi; to my sister I leave my hockey books — have fun; to Miss Finneran and Mrs. Bard I leave a dance — forever; and to Sue I leave my life — you can manage it better than I can.

I, Deborah Bean, being of confused mind and small body, leave the girls varsity basketball score book to Margaret Welch, the band uniforms in one big pile, the high "A" to Ruth (whimp) Moore, to Eddie Blaisdell, I leave the job of taking attendance in band at 7:50 sharp. To J.M., K.W., M.G., K.H., I leave the winks during band. To anyone who needs a challenge I leave Mr. Patrick and his disorganized state and my luck. To Shelly Pitts, I leave my accounting records; to Mr. Sabourin and Miss Poquette, I leave a large bottle of white-out. To Mr. Patrick and Mr. Levis, I leave with a sad good-bye and many thanks; to Brooks, I leave my love and luck for future days. I'll miss you. To all my underclass friends I leave with the feeling of being missed. I enjoyed my senior year, hope that you do the same.

We, members of the class of 1981, . . .

**THE NAVY.
IT'S NOT JUST A JOB,
IT'S AN ADVENTURE.**

In the Navy, a job means more than just a good paycheck.

It means the adventure of seeing places like Greece, Spain, Hawaii and Hong Kong. It means becoming an expert on exciting technical equipment in our submarines, on our jets, and in our ships. It means doing a job that really counts, with people who count on you to do it.

The Navy can give you training in more than 60 career fields. Talk it over with your Navy recruiter. He'll be able to tell you what you can qualify for in the Navy:
